

Brian Ferrand Seminar
Saturday June 20th
Dog-Gone Fun in Kernersville, NC

ABOUT BRIAN FERRAND:

Brian began dog agility in 1996 with Satchmo, a Chow-mix. Satchmo taught Brian a lot about dog training, ring stress, motivation, distance handling, and having fun in agility.

Brian has always worked with the best trainers available. What sets him apart from most instructors is the 6 week intensive training at the San Francisco Academy for Dog Trainers with Jean Donaldson.

He has also done a 3 week intensive training program with Bob Bailey at Chicken Camp where he learned to troubleshoot challenging issues with classical and operant conditioning.

Notable Accomplishments include:

- USDAA Master level titles with Satchmo
- NADAC Elite level titles with Satchmo
- USDAA Tournament Masters, Regional Champions, and Semifinalists at USDAA Nationals with Divot and Icarus.
- In 2008 SVF Lightning Bug earned a MACH and 3rd place at AKC nationals ISC classes running with Brian.
