

Natalie Lewis Mauchmar seminars

Sunday May 31st 2015

Dog-Gone Fun in Kernersville, NC

Natalie has been training dogs since she was 4 years old, maybe younger. Her mother remembers her dressing up their German Shepherd in circus outfits and training him so she could put on a show for the family. This love for training and performing has grown with her as her talents have evolved. Natalie has trained and studied with many successive handlers and continues to broaden her education by taking lessons with a broad range of trainers.

2014 UKI U.S. Open Podium. Gold medal. Natalie and Rice.

She feels a strong relationship, based on mutual respect and understanding, is key as well as always providing your dog with the proper information helps them to succeed. She has been successful with a variety of breeds and prides herself on her ability to think outside of the box and create a plan that works for each individual team.

2014 AKC Nationals (Grace, Natalie, Rice)

Natalie remains busy continuing her education in the dog world, raising her young daughter and showing her own dogs and training others. More information about Natalie and her dogs can be found at www.JFJDogTraining.com.
